

Happy New Year to our Friends at Veterans in Parking

2020 is going to be a great year for us and we count on our Members and Sponsors to help us achieve that greatness. Please remember that Membership Dues are collected on an annual basis, please renew yours promptly.

Recruiter of the Year

My name is Mo Singh, I am an active member of Veterans in Parking (ViP) and I've had the privilege to work some job fairs on Military Bases for the ViP organization (Travis AFB, Ft. Lewis/McChord AFB) and volunteer at some National Conferences (IPMI, NPA). I am an Air Force Reservist since 2011 and am stationed at Travis AFB in Northern California. The experience so far has been educational and exciting due to the people I have met and the opportunities for helping these folks find positions in our industry. Educating these folks on all the technologies and opportunities available in our industry is the number one subject of discussion at our booth. The other primary draw to our booth is the simple fact that we are there to help our Military Veterans. I am constantly amazed at how many Vets are already involved in our industry, I guess the secret is out!

Each job fair has been different, but one thing they all have had in common is the folks attending are all ambitious and driven, they look forward to putting their talents to use when they get out of the Military.

I could see the determination in each one when I spoke to them. Regardless of what they do or did in the military, they have the foundation skills, discipline, commitment, dedication, and most importantly teamwork that's needed in an Industry like ours.

Editors note: Mo has been nothing short of a savior for us on the west coast. The entire Board sends him our heartfelt thanks for his representation of ViP during 2019.

Hire of the Month

Barnacle Enforcement Solutions announces the hiring of a Veterans in Parking member, Albert St. Vaudry. Albert has been employed as an account manager for Barnacle. Albert has served in the U.S. Army National Guard for 6 years, including an activation to support operations during Super Storm Sandy in 2012. His professional background is a combination of business operations, management and logistics. He is originally from Brooklyn, New York and currently resides in Linden, New Jersey with his wife Haydee. He is also a father of three daughters and expecting the arrival of a fourth in February 2020. In his free time, he loves spending time with his family, watching movies, listening to music, reading, playing sports, and keeping up with the stock market. Albert is currently enrolled at the Southern New Hampshire University, pursuing a degree in Business Administration.
